Renovate - Remodel - Repair - Reinvigorate

About QVC

Quality Vision Construction, LLC (QVC) is a licensed general contracting company skilled in project management, leadership, training, real estate and HUD inspection, general remodeling, barrier free remodeling and structural rehab for residential and light commercial projects.

QVC stands out from most other companies because we have a big picture view and approach to the work that we perform. We focus on meeting our customers' needs by understanding what it takes to get the job done correctly and efficiently. We look forward to serving you!

Key Differentiators

- Licensed General Contractor/Sub Contractor
- Universal EPA Certification
- Certified HUD Inspector
- Registered Real Estate Home Inspector
- Experienced HVAC/R Professional
- Disaster Recovery
- Certified Minority Business MMSDC/NMSDC

Past Performances

QVC has provided construction consultation services to insurance providers across the United States. We specialize in barrier free construction modifications and have successfully completed many residential and light commercial renovations, remodels, and repairs to businesses and homes across Mid-Michigan for more than 15 years.
